

Scallycomputechs

Professional Computer Support and Services

MAY 2011 NEWSLETTER

Current News

Happy Mothers Day.

Scallycomputechs is the newest member of Peninsula Power Partners business networking group. I will be giving a presentation at the next meeting on May 25th.

Cell Phone upgrade

My new phone is the HTC Inspire. Its my first non Windows phone. The operating system is Android from Google, and it has an 8 mega pixel camera, and a flash light. Another cool feature is the bar code scanner.

Featured Service

Virus and Spyware removal

If your computer already has antivirus and anti spyware software installed, you can still get a computer virus. Scallycomputechs will not only clean the virus from your computer, but educate the user on what to be on the lookout for when browsing the internet.

Services We Provide

- Hard drive data erase
- Website Design and updates
- Wireless Networking
- Custom Built Desktop computer
- Data migration

May 2011

Tip of the Month

Planning travel just got easier with Bing

It can be a real headache comparing air fares and hotel rates, and keeping tabs on them. The new Bing Travel Planner Beta for Outlook does all the hard work for you, and even better, it puts it right into Outlook. Find out more at www.microsoft.com/downloads

Type in Bing Travel planner for Microsoft Outlook.

this is beta, and with any beta software use at your own risk

Term: Android (Operating System)

Android is a software stack for mobile devices that includes an operating system, middleware, and key applications. Google purchased Android Inc, in 2005. There are currently over 200,000 apps available for Android.

Android is the worlds best-selling smartphone platform, even ahead of Apples iPhone.
